Contemporary Business Mathematics

Business Mathematics. Mathematics

is an important part of managing business. Business and mathematics

go hand in hand this is because

business deals with money and

money encompasses everything in

itself. There is a need for everyone to

manage money as some point or the

other to take decisions which requires

everyone to know mathematics.

Contemporary Business Math takes a  
real world business approach, using  
commonly accepted business terms  
in word problems and exercises, so it  
won ' t feel like you are reading a  
different language. The strength of  
your text is now complemented by a  
powerful new study tool,  
MyBusinessMathLab and a  
removable, laminated study card.
