Current medical literature does not describe precisely the activation and mechanisms of prostate orgasms. This brief review describes what we know about the anatomy and physiology of the prostate and its involvement in reproduction and especially its stimulation for sexual recreation. It is illustrated with a highly relevant case history. Clin.

The address likely served two purposes: (1) to impede
legal action toward LLP (a stateside address was a lot
easier to prosecute than a possibly fictitious address
buried in Denmark, and (2) the association with
Scandinavia in the late sixties/early seventies was
synonymous with sexual freedom; an address in
Copenhagen was a definite "plus" for adult book
consumers.
