Settings>System>Power? - If you visit Settings>Network>Check connection, does your TV show connected to your network? Does the channel guide information reappear after performing this check?

*Solved: Channel guide stopped working with antenna ...*

For several days now, the channel guide for antenna TV on our 28" TCL Roku TV has stopped working, displaying "No Data Available" for all channels. There is a solid network connection. (Streaming channels work fine, network settings show signal being "Excellent".) Firmware revision is 9.3.0 Build 4182-08.

## Download Free Tv Guide Not Working On Sony

I have a Sony KD-55X8509C tv and the Sony remote for it worked perfectly until recently. The remote works perfectly for everything else except the tv guide.. When I press guide on the remote, up pops a screen guide titled Guide - Streaming channels. Underneath this is the current date and a heading entitled Play Movies & TV. To the right of this is Google Play Movies & TV.
